github.com/sh4razawan-source

Summary

BS Computer Science student at HITEC University, learning frontend development. I build responsive, easy-to-use web pages with HTML, CSS and JavaScript, and I am looking for opportunities to grow as a frontend developer.

Skills

HTML5, CSS3, JavaScript, Responsive design, Flexbox and Grid, Git and GitHub, Accessibility basics

Experience

Frontend Development Intern, CodeAlpha

- Built a calculator with keyboard support and divide-by-zero handling using plain JavaScript.
- Designed and built a responsive personal portfolio website with smooth scrolling and light/dark mode.
- Published all project code on GitHub and shared video walkthroughs on LinkedIn.

Projects

Calculator

HTML, CSS, JavaScript. Supports + − × ÷ %, clear, backspace and keyboard input. Code: github.com/sh4razawan-source/CodeAlpha_Calculator

Portfolio Website

HTML, CSS, JavaScript. Responsive layout with About, Skills, Projects and Contact sections. Code: github.com/sh4razawan-source/CodeAlpha_Portfolio

Education

BS Computer Science, HITEC University

2025 - 2029 (expected)
